

Kings River Chapter

- DATE:** Tuesday, May 8, 2018
- TIME:** 11:30 am - 1:00 pm
- LOCATION:** Saint Agnes Medical Center | Plaza Building
1111 E. Spruce, Fresno, CA
- MEETING ROOM:** Martin Room, 2nd Floor
- SPEAKER:** Jim Carrel, CRL, ISO 18436-2 Cat. III
Service Sales Manager
Syserco
- TOPIC:** **Reliability-Centered Maintenance for the Hospital Engineer**
CSHE presented Reliability-Centered Maintenance as a best practice to its members at the Annual Institute in April. What affect does RCM have on hospital engineers and what does it mean to their day-to-day activities?
- This presentation will define and explain RCM, discuss how it was developed, and offer a few examples of how it has improved the daily activities of plant operations.
- SPONSOR:** 
- RSVP:** Beth Demeter at demeterb@calhospital.org, or online at <https://gmod-connect.aptean.com/f/fid.php?id=aaa89ef9e21460d3c6ddce9204e6f0d3>
- QUESTIONS:** If you have any questions or concerns, please contact Joyce Jones at the CSHE State Office: jjones@calhospital.org.
