PRESENTER: Santiago Chambers
Director of Support Services
Environmental Health and Safety Officer
Children's Hospital Los Angeles

TOPIC: **LADDER SAFETY**
The Ladder Safety education session meets the requirements and expectations of Cal OSHA and other regulatory/ accrediting agencies as training and education to proactively address the risks associated with the use of ladders in healthcare and industry. This general topic is relevant to all disciplines and a wonderful reminder for those who may grow complacent with a risk responsible for loss of man power and man hours from serious injuries and deaths related to ladder misuse and abuse.

BREAKFAST SPONSOR: Precept Environmental, Inc.

RSVP: Maria Markoudakis at maria@preceptenvironmental.com, Beth Demeter at demeterb@calhospital.org, or online at <http://cshe.org/Chapters/LosAngeles.aspx>
