- PRESENTER:** Jason Gomez, *Sr. Regional Account Manager*, Siemens
Ryan Donahue, *Engineering Specialist II*, Siemens
Virginia Tingle, *Management Team*, Siemens
- TOPIC:** **NFPA 25 SPRINKLER HEAD CODE OVERVIEW**
Joint Commission has begun spending more time site walking and reviewing NFPA 25 code during their survey's this cycle. This overview will cover NFPA 25 sprinkler inspection code including annual visual inspections, when and why heads are to be changed out and how many spare heads to keep on site for the size of your hospital. This discussion is designed for a conversational format and Siemens will provide a certified sprinkler inspection technician who solely specializes in hospital and healthcare facilities to answer any of your questions.
- SPONSOR:** Siemens
- RSVP:** Maria Markoudakis at maria@preceptenvironmental.com,
Beth Demeter at demeterb@calhospital.org, or online at
