Location:	Stanford Medicine Outpatient Center 440 Broadway Street Redwood City, CA
Meeting Room:	B-2 Conference Center
Parking:	Parking is free on site after 6pm (subject to availability).
Sponsor:	Phigenics, LLC
Presenter:	Andrew Lehmer, <i>Account Manager</i> Phigenics, LLC
Topic:	ASHRAE 188-2015 Legionellosis: Risk Management for Building Water Systems- The Do's, Don'ts, and Lessons Learned This presentation focuses on the discrete operational changes that occur in the development and implementation of a compliant water management program. In particular, this presentation will focus on answering these three main questions: <ul style="list-style-type: none">• What do these discrete changes to managing my water system look like?• I'm technically complying. How do I gain more value from my policy?• What are some of the best practices and lessons-learned from implementing these plans? <p>This will be accomplished by reviewing processing steps for both the potable and utility water systems and discussing opportunities for operating a sustainable (i.e., safe AND efficient) water system.</p> <p>By the end of the presentation, members will have a greater understanding of how powerful an asset a comprehensive water management program can be and have more tools at their disposal to extract this value.</p>
RSVP:	Beth Demeter at demeterb@calhospital.org or online at https://gmod-connect.aptean.com/f/fid.php?id=73d9bb34e8cf6bd603646699b33ae0df
Questions?	Contact Joyce Jones at the CSHE State Office: jjones@calhospital.org or (916) 552-7639
CEU:	Participating <u>CSHE members</u> , may request a certificate for 1 contact hour. Requests for certificates must be made at the time of your RSVP.
